FOLDER: CAUSE EFFECT DIAGRAM (38)

Filename – PowerPoint cause effect

The diagrams in this set can be used to depict **action – reaction** relationship. Whether you want to capture sequence of impact as in **Domino effect**, or multiple outcomes caused by one **centre of influence** like in **Influence diagram** –these diagram templates come in handy. Other concepts you can show using the diagrams in this set are - **Ripple effect, Chain reactions and Trigger effect.**

Filename – PowerPoint Fishbone

The **fishbone diagram templates** in this set are also called as **Cause effect diagram** templates or **Ishikawa diagram** templates. Some prefer to call these diagrams as **fishbone analysis** or **fishbone chart**. The **blank fishbone diagram** template (or **fish diagram template**) helps you in **root cause analysis**. We have included some interesting variations in this set to help you portray the concept of problem solving.

Filename – PowerPoint Tree

PowerPoint tree diagram templates set include **cluster diagrams** and **decision trees**. Cluster diagrams are used as **graphic organizers** for thought groups. They are also called as **cloud diagrams**. They are not only used for the regular **decision tree analysis**, but also for representing **Family tree** or **Organization tree**. You can even use them as **network diagrams** by combining them with relevant icons. The set includes diagrams that use **Tree metaphor** to show organization growth, 'effort – result' relationship and growth in branches or divisions.

FOLDER: CIRCLE DIAGRAM (21)

Filename – Circle diagram

In **circle diagram template** set you will find **Circle quadrants**, **Donut diagrams**, **Ring diagrams** and **Circular segment diagrams**. The diagrams are used to represent 'part- whole' relationship, cause –results relationship etc. You can find 3 part circle, 4 parts circle and **concentric circles** to express your ideas.

Filename – Onion diagram

An **Onion diagram** shows dependencies among parts of an organization or process. It is made of **concentric circles**. The set also contains **Core Diagram** templates. Whether you want to represent **core business process** and dependencies or layers of interaction, the diagrams in this set are useful. The diagrams can also be used to represent **ripple effect** or influencing factors.

Filename – Wheel diagram

Wheel diagram template shows **Hub and Spoke** relationship. It is also referred to as **wheel chart**. The set has charts with 2, 3 and 4 segments to suit your convenience. These conceptual pie diagrams and **donut diagrams** are useful to represent marketing concepts and strategic components.

FOLDER: CONSULTING DIAGRAMS (83)

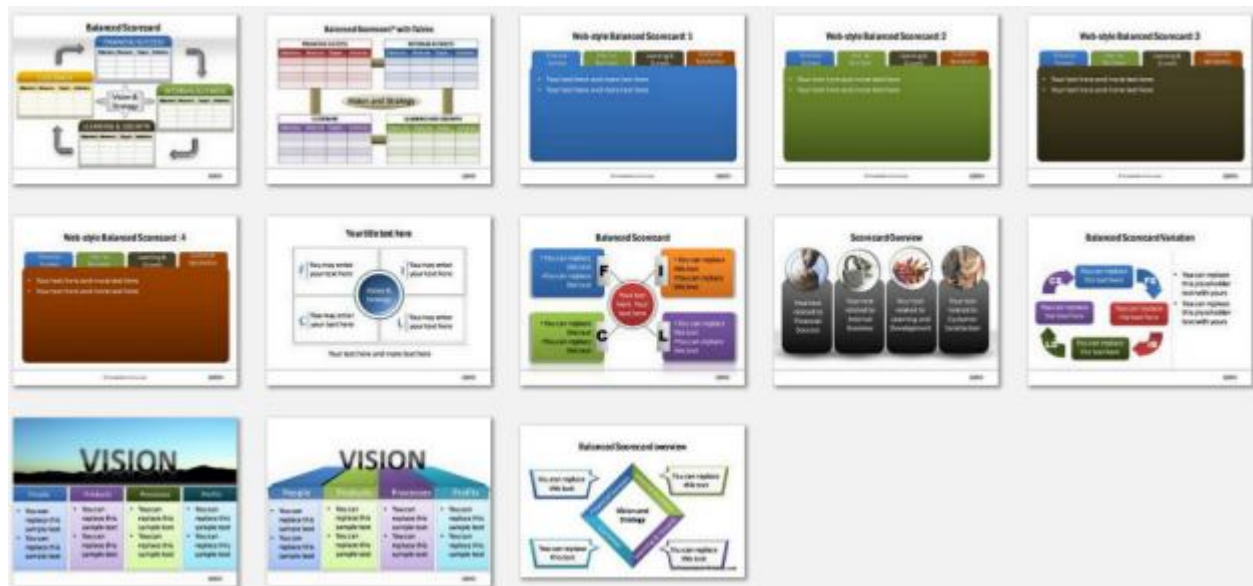

Filename: PowerPoint 5 factors

The **5 factors PowerPoint diagram template** set helps you portray any **five factor model**. For example, you can use the diagrams to depict **Porter’s five forces model, big five personality traits model, five factor diet models, five factor credit score model, EP²M model, performance pentagon model** etc. Variations included are five inward arrows, five pie segments, five sides of a prism, five petals of a flower etc.

Filename: Balanced Score card

The 13 diagrams in this **Balanced Score Card diagram set** are used to convey concepts regarding **strategic performance management, Key Performance Indicators, Corporate governance and Business management systems**. You can use the diagrams to portray **Kaplan Score card, procurement score card, Maisel Model** etc. There are variations included to convey **Strategic visioning process** as well.

Filename: PowerPoint PEST

This diagram set helps you depict **PEST (Political, Economic, Social and Technological factors) and PESTEL (Political, Economic, Social and Technological, Environmental and Legal factors) models**. The models are used for depicting **Enterprise Planning Systems, marketing environment and competitor analysis**. We have included several design variations to help you easily alter the model and use it to represent various other models like **4Ps – Marketing mix model** etc. You can even convey **six forces model** or opportunities analysis model.

Filename: PowerPoint Porter's

The diagram set is used to depict **Porter's five forces model, Porter's five forces analysis or competitive forces model**. It is also called as **Porter's Diamond model**. It is useful for **Strategic planning and Market analysis presentations**. We have included a number of design variations to help you portray the five forces of **Potential entrants, buyer power, supplier power, threat of substitutes and industry rivalry** - to suit your specific needs.

Filename: PowerPoint Product Life Cycle

The **Product Life cycle diagram** set helps you portray **Product Life Cycle Management or PLCM**. The life cycle curve depicts four stages viz. **Introduction, Growth, Maturity and Decline** in a visually interesting way. You can also use the diagram to convey **Systems Development life cycle (SDLC) and Technology adoption life cycle**. Edit the diagram to show **Innovators, Early adopters, Early Majority, Late Majority and Laggards**. You can also show **the chasm** in the early adoption stage. There are design variations to help you convey **Brand evolution, version development and transformation**.

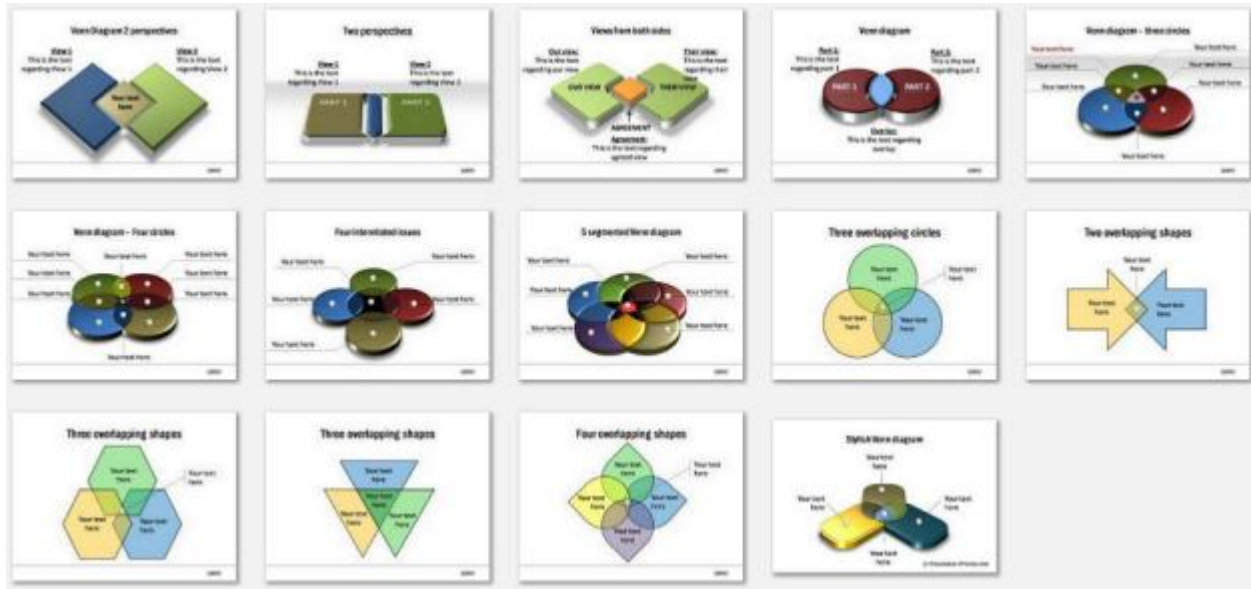

Filename: PowerPoint SWOT

A SWOT diagram template set is used to analyze **Strengths, Weaknesses, Opportunities and Threats**. SWOT analysis is used **Strategic planning, corporate planning or Environment scanning presentations** to assess competitive advantages based on **Internal and External factors**. You can easily modify the template and use it to represent **VRIO framework** or Value, Rarity, Imitability, Organization model. You can also use it for **COPE analysis** (Conditions/Performance analysis) and represent Champions, Defiants, Outcasts and Laggards.

Filename: PowerPoint Venn

PowerPoint Venn diagram template is used to represent **overlapping relationships or compare and contrast relationships**. It is also called as **Set diagram, overlapping circles** etc. In the set you will find blank **2 way Venn, 3 way Venn, 4 way Venn and 5 way Venn diagram templates**. The set also includes **Euler diagram** with 4 circles. We have included a number of design and shape variations to help you capture your ideas more accurately. Individual components of the diagram template are editable.

Filename: V diagram

V diagram or V model diagram is used to represent **Software development process**. It is also applicable to **hardware development**. It is seen as an extension of **Waterfall model**. The V-Model demonstrates the relationships between each phase of the development life cycle and its associated phase of testing. We have included variations to represent **Architecture Vee** and **Entity Vee** models.

FOLDER: EXTREME CUSTOM ANIMATION (15)

Filename: Extreme custom animation

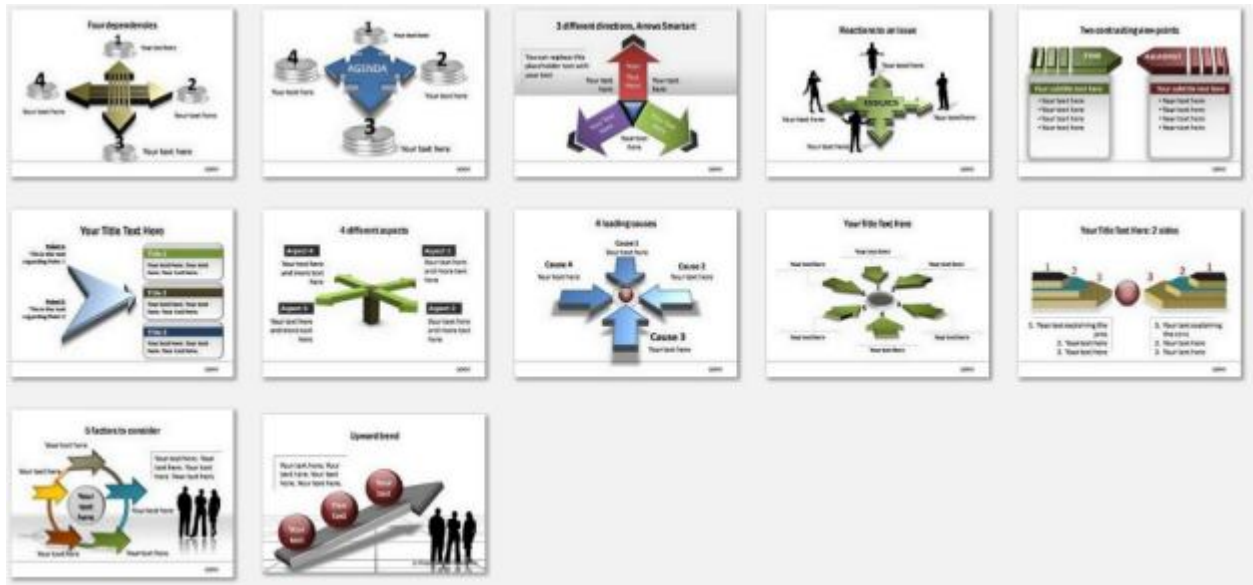

In Extreme **PowerPoint custom animation** templates we included diagrams that use sophisticated custom animation for impact and emphasis. You can use them in your **e-learning courses, company presentations, sales and marketing presentations**. You can use the diagrams for: **Interesting agendas, impactful introduction of top management, eight factors or outcomes, six reasons, four phases, 3 levels, 5 quality stars** etc. Save hours of work and make a lasting impression on your business audience.

FOLDER: POWERPOINT 3D (51)

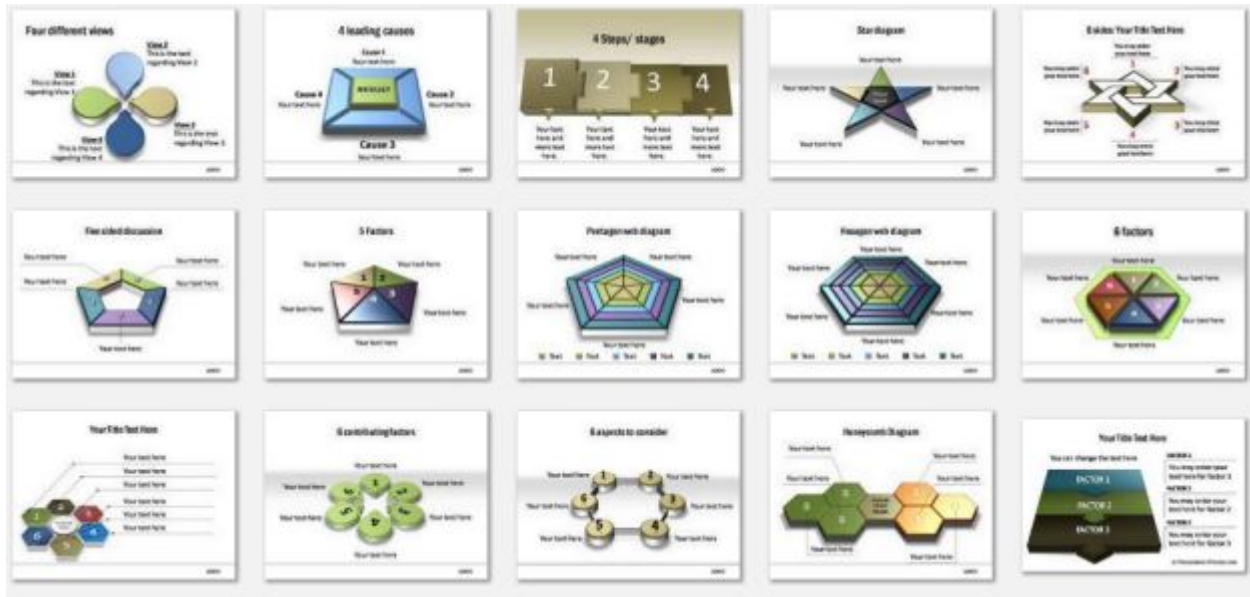

Filename: PowerPoint 3D Arrows

PowerPoint 3D arrows have wide variety of uses. These **PowerPoint arrows** can be used to represent Upward or Downward trend, four sides of an issue, multiple directions, multiple causes, multiple views or multiple factors. Other keywords that represent these diagrams are: **3D arrow**, **PowerPoint arrow shapes**, **arrow graphics**, **3D arrow model** and **PPT arrows**.

Filename: PowerPoint 3D shapes

PowerPoint 3D shapes diagram templates has 3D steps, 3D star, 3D pentagon, Pentagon web diagram, Honey comb diagram, Hexagon diagram, PowerPoint stairs, Hexagon pie etc. The other keywords that describe the diagrams in this set are: 3D shapes, PowerPoint 3D, PowerPoint shape and 3D PowerPoint.

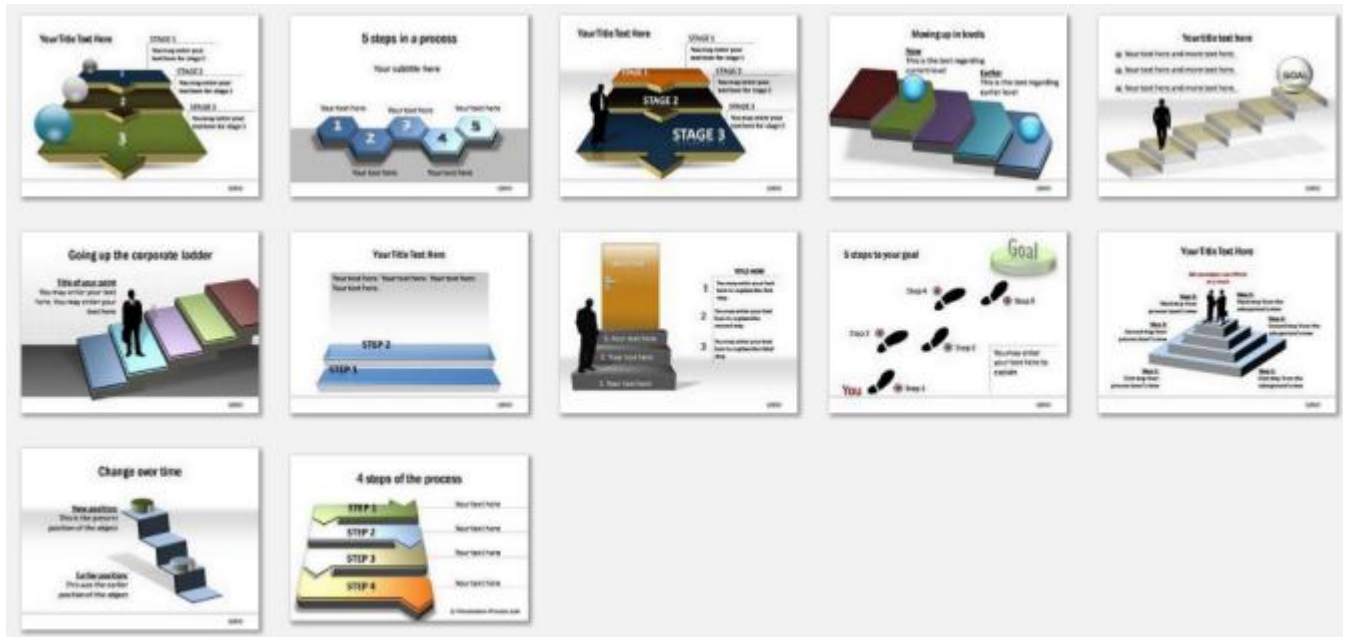

Filename: PowerPoint Growth

PowerPoint growth diagram templates are used to represent business growth, career growth, team growth, revenue growth, market share growth etc. There are design variations included to represent growth over obstacles, growth in relation to risks, growth in levels and even decline in performance. There are also representations of corporate ladder and strategic direction. Other keywords that indicate this set are PowerPoint ladder and Growth diagram.

Filename: PowerPoint Steps

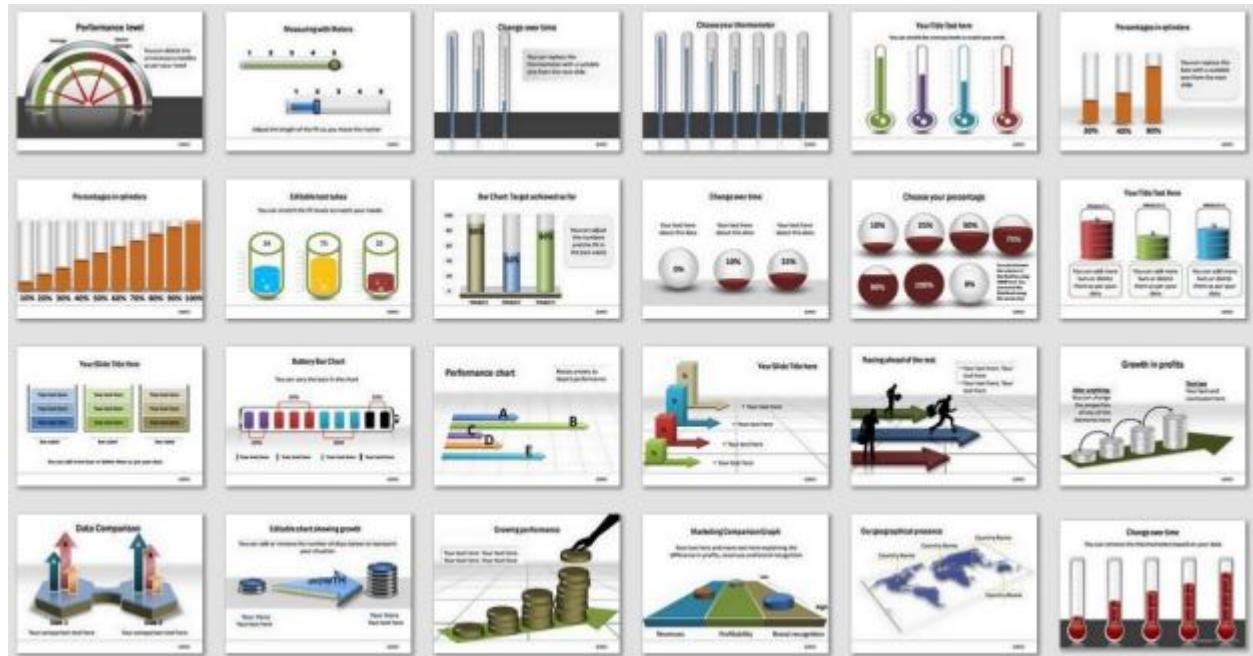

PowerPoint steps diagram template is used to represent **stepwise progress**. You can represent **steps in process**, **how to steps** for instructional design, **steps to reach a goal**, **steps in levels** and **sequential steps**. Variations are included to depict **corporate ladder**, stairs to reach higher levels, **footsteps towards goal**, rungs to climb etc. Other keywords that indicate the diagram set are: **PowerPoint stairs** and **stages diagram**.

FOLDER: POWERPOINT CHARTS (51)

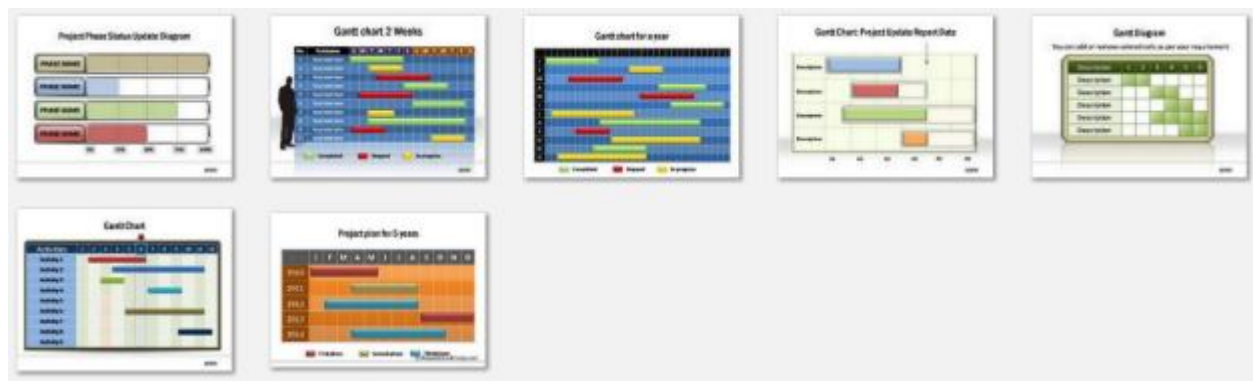

Filename: Editable PowerPoint charts

Editable PowerPoint charts templates are not data driven charts. They are used to represent quantitative differences in a conceptual way. The chart set includes **thermometer chart, dashboard chart, meter chart, battery chart** and **fill levels chart**. The concepts you can represent are: **Performance levels, market position, comparative ranks** etc.

Filename: PowerPoint Gantt

PowerPoint Gantt chart templates are used to represent work breakdown structure of a **project schedule**. They are used in **Project management presentation**. The chart shows the start and end dates of the terminal and summary elements of a project. Variation of Gantt chart includes charts for 1 week, 2 weeks, month, 1 year and 5 years. There are some open options to help you define the timelines. The other keywords that represent the diagram set are: **Gantt planning, Gantt planner, project Gantt, Gantt diagram** and **Gantt chart PowerPoint**.

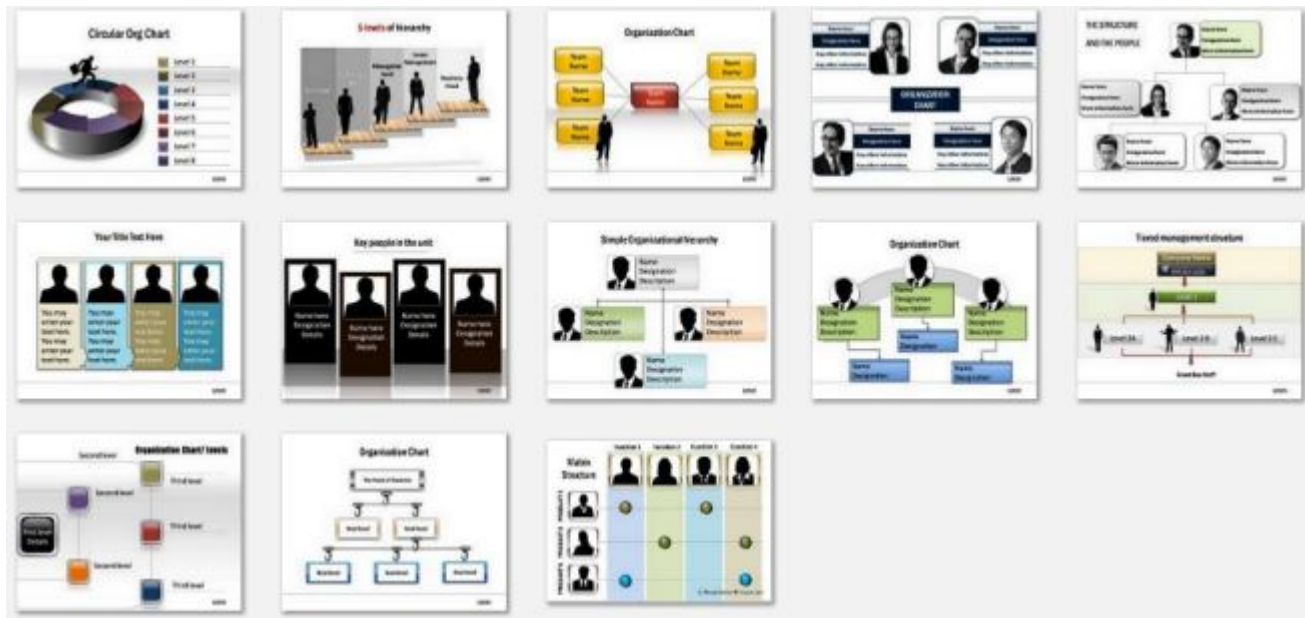

Filename: PowerPoint Pareto

PowerPoint Pareto diagram templates are used to showcase **Pareto principle** (also called as **80-20 rule** and **law of the vital few**). The diagram set includes a **data driven Pareto diagram (Pareto chart)**. Diagrams in the set help you to explain the concept of 20% effort yielding 80% result. We have also included conceptual pie chart that shows **70-30 split** and **70-20-10 split** (which is used in Human resource concepts). Variation includes **iceberg diagram** which explains that in most problems only 10% of the symptoms are obvious and 90% of the causes are hidden. Other keywords that indicate the diagram set are: **Pareto template** and **cause - effect chart**.

Filename: PowerPoint Org Chart

PowerPoint Org chart templates show organization structure and the relative ranks of the various positions in the organization. It is used in presentations related to workforce planning, organizational design, reorganization, mergers and acquisitions and succession planning. The diagram set shows hierarchical charts, matrix charts and flat charts. The other keywords related to the chart are: Organigraph and Organogram.

FOLDER: POWERPOINT CONCEPTS (84)

Filename: PowerPoint chain

PowerPoint chain chart templates are used to represent relationship connections. The diagram set has (a) **Value chain diagram template** used in marketing presentations, (b) **buying process chain** from the view point of the customer, and (c) **Supply chain management diagram**. The other concepts you can convey using the diagrams in the set are: **Critical link** in the chain, **broken link**, **secured link**, **multiple connections** etc. The other keywords that indicate the diagrams in this set are; **Chain diagram, Chain chart, Supply chain chart** and **Value chain chart**.

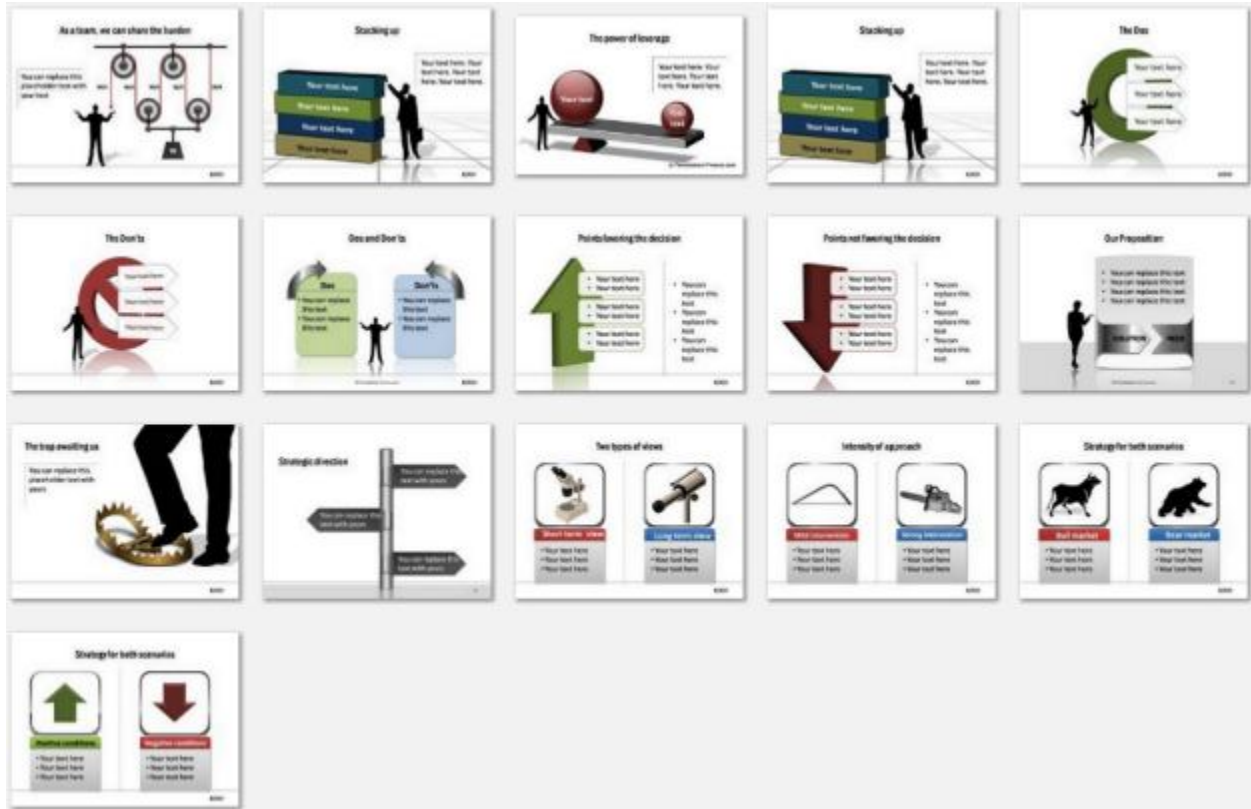

Filename: PowerPoint Concepts

PowerPoint concepts templates set has a wide array of **business concepts** expressed using **metaphors** and **analogies**. The concepts depicted are: **Leverage**, **Differentiation**, **moving from confusion to clarity**, **multiple directions**, **decision making**, **issue discussion**, **motivating factors**, **time management**, **classification of tasks**, **brainstorming**, **generating bright ideas**, **moving from a dull idea to bright idea**, **finding right keys to problems**, **sharing the burden using pulleys as metaphor**, **stacking up options**, **Dos and Don'ts**, **Points favoring the decision and against the decision**, **falling in a trap**, **strategic directions**, **contrasting options** etc. The diagrams will help you communicate your soft ideas in a clear and concrete way. Other keywords that indicate diagrams in this set are: **business concepts**, **management concepts** and **strategy concepts**.

PowerPoint Concepts continued...

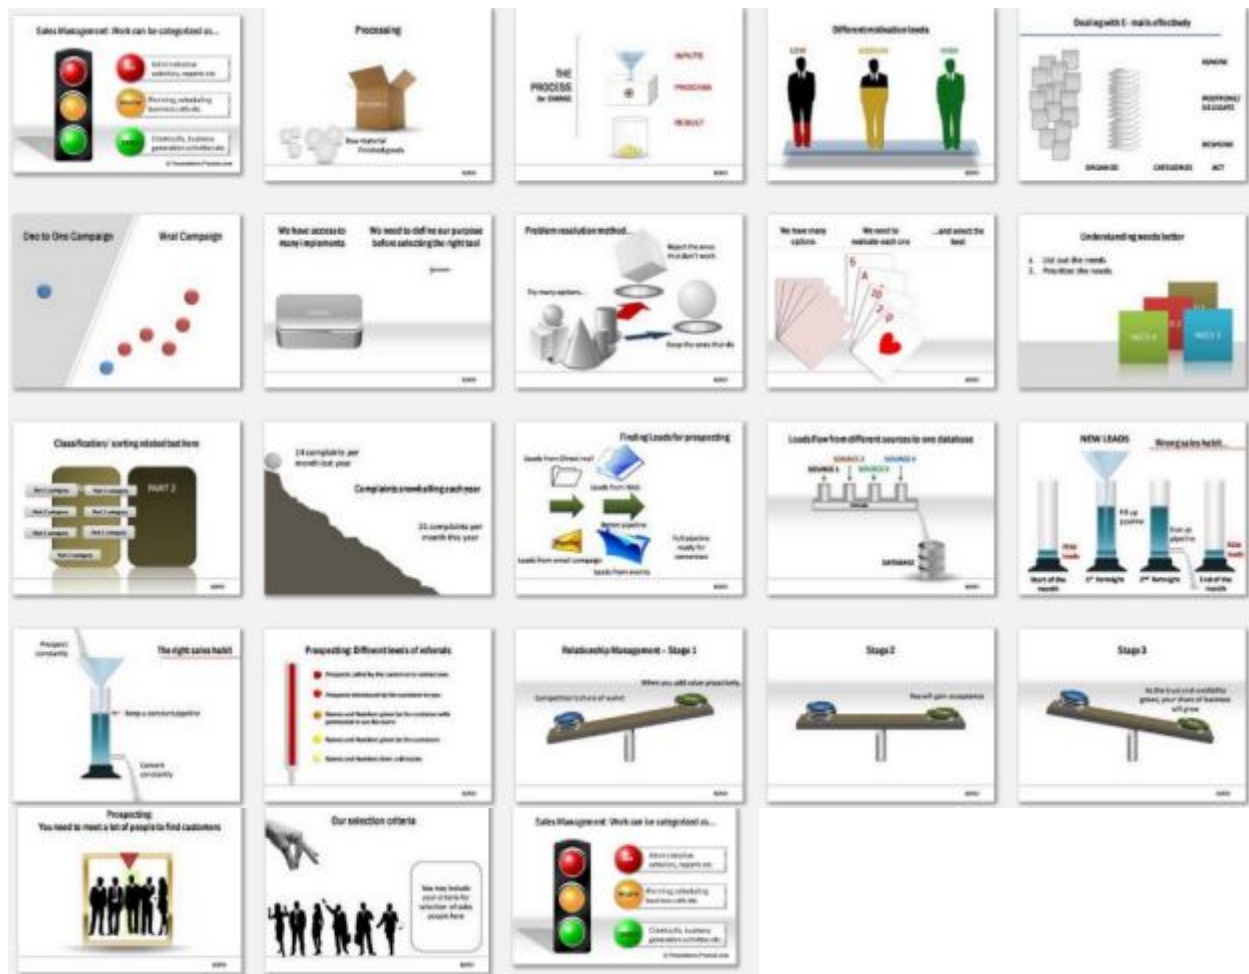

Filename: PowerPoint Pros and Cons

PowerPoint pros and cons diagram templates help you capture **alternate viewpoints** or to **evaluate options** for their merit or value. The set includes **Yin Yang diagram**. Some concepts you can communicate using the diagrams in the set are: **Objective evaluation, idea clusters, opinion poll, positives and negatives, Yes or No points, for and against points, Right and wrong points and two sided arguments**. The diagrams are a better way to represent contrasting opinion than T – charts which are used for similar purposes. The other keywords that indicate diagrams in this pack are: **T chart** and **T diagram**.

Filename: Sales Concepts

Sales concepts template set has a number of **readymade sales concepts** which you can copy to your presentation slides. The sales concepts included in the set are: **Sales management, Input – throughput and output, processing, various motivation levels, organize – categorize – act method, One to one campaign versus Viral campaign, selecting the right tool for the right problem, problem resolution method, selecting the right options from many choices, understanding and prioritizing needs, Classifying And Sorting Options, snowball effect, Movement From Prospecting Leads To Sales Conversion, Sales Pipeline, sales funnel, relationship balance, picking the right prospect and recruiting the right sales person.** The other keywords that indicate the diagrams in this set are: **selling concept, marketing concept, management concept, selling principles etc.**

FOLDER: POWERPOINT GRAPH (44)

Filename: PowerPoint Bar Graph

The designer **PowerPoint bar graph templates** are completely data driven and elegant. The set has beautiful **3D bar charts** and **column charts** that give a professional look and feel. Apart from the regular column charts, there are **stacked column charts** and **100% stacked column charts**. We've also include data driven **waterfall chart**. The bar and column charts are beveled with appropriate lighting. There are variations in the shape of the bars and columns. The set has **3D pyramid graphs**, **cylinder graphs** and **cone graphs**. The **bar graphs are professionally animated** to enhance message clarity. Other keywords that indicate the diagram set are: **PowerPoint bar chart**, **PowerPoint column chart** and **waterfall chart**.

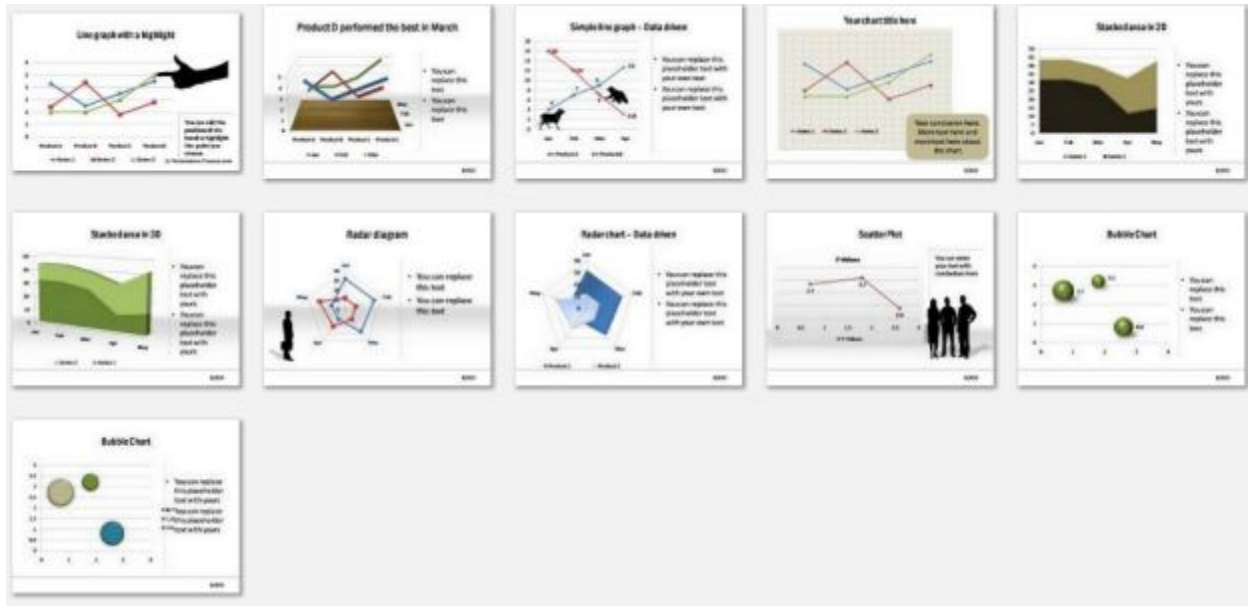

Filename: PowerPoint Pie Chart

The stunning set of **PowerPoint pie chart** templates are fully data driven. The designer **3D pie charts** are beveled. Borders and gloss are added to some of the **pie graphs** to add that extra impact. Professional colors, shadows, backgrounds, call outs and silhouettes take the look and feel of the charts to a whole new level. The variations included are: **Drilled down pie charts, doughnut charts** and **segmented doughnut charts**. The pie charts are professionally animated to enhance message clarity. The other keywords that indicate the pie charts in this set are: **pie graphs, pie charts** and **donut charts**.

Filename: PowerPoint Graphs

PowerPoint graph template set has a collection of **line graphs**, **area charts**, **scatter plot charts**, **bubble charts** and **radar charts**. We've included a lot of interesting 3D variations for the line charts and **stacked area charts**. We've added relevant silhouettes, shadows, shapes and bevels to enhance the slickness of the charts. The graphs are professionally animated to enhance message clarity. The other keywords that indicate the graphs in this set are: **blank line graphs**, **PowerPoint scatter plot**, **radar charts**, **scatter charts**, **bubble charts** and **spider web chart**.

FOLDER: POWERPOINT MATRIX (36)

Filename: PowerPoint Calendar

PowerPoint calendar templates are useful for creating schedules, plan deliverables, track turnaround times etc. The variations included are: **Yearly schedule template**, **monthly calendar**, and **phase wise schedule**. We have also included **monthly**, **bi monthly**, **quarterly** and **half yearly updates**. The other keywords that indicate PowerPoint calendar are: **Calendar template** and **schedule template**.

Filename: PowerPoint Matrix

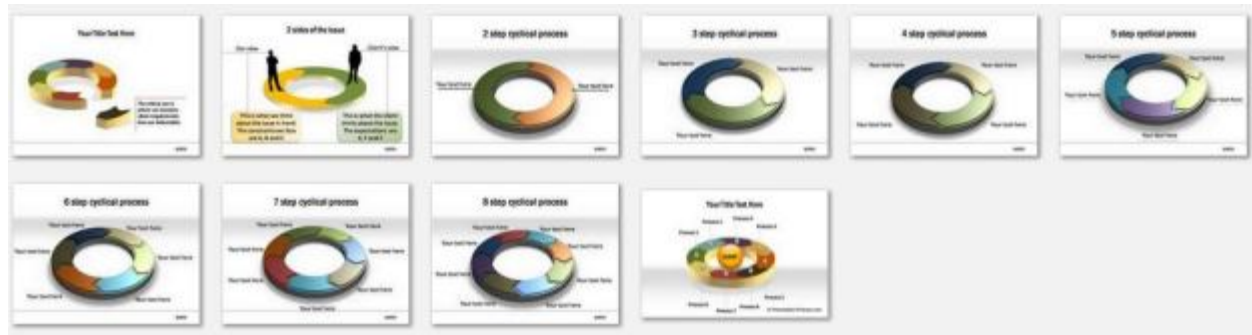

PowerPoint matrix template set has a number of variants including **2x2 matrix** and **3X3 matrix**. The set has a number of **4 quadrant matrix** charts including **Market diversification matrix**, **BCG matrix**, **Ansoff matrix**, **Product positioning matrix**, **decision matrix**, **information reporting matrix**, **comparison matrix**, **matrix with images**, **numbered matrix** and **3D matrix**. All the **matrix diagrams** are editable and professionally animated where required. The other keywords that indicate matrix diagrams in this set are: **Boston matrix**, **Boston Consulting Group matrix**, **BCG analysis**, **consulting matrix**, **Ansoff model**, **Ansoff grid**, **decision matrix**, **criteria matrix** etc.

FOLDER: POWERPOINT PROCESSES (51)

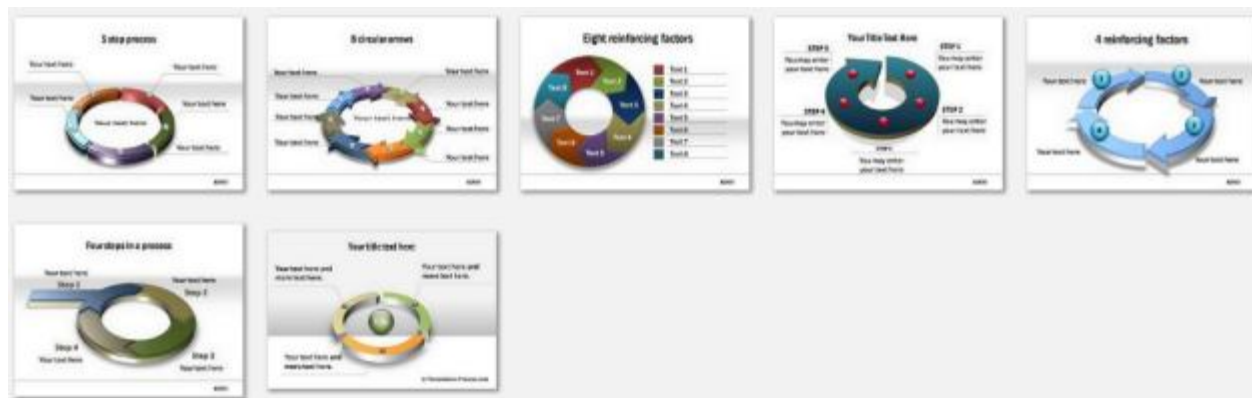

Filename – PowerPoint Cycle

PowerPoint cycle diagrams are used to represent **cyclic process**. The diagrams in this set can also be called **cycle diagrams**. Whether you want to represent **Plan- Do- Check – Act cycle**, **Working capital cycle**, **Cash flow cycle**, **Project Life cycle** or **Learning cycle** the **PowerPoint cycle diagram templates** will come in handy.

Filename: PowerPoint Circle

PowerPoint circle diagram template is useful to depict **cyclic processes**. **Circle charts** are also used to show **reinforcing factors** and loops. They are used in consulting presentations, strategic and management presentations. You can use it to represent **software development cycle**, **any process or product development cycle**, **project life cycle**, **communication cycle**, **delivering assessment cycle**, **coercive cycle**, **quality cycle** etc. The variations include **8 step circular arrows**, **5 step circular chevrons** etc. The other keywords that relate to this diagram set are: **PowerPoint circle diagram**, **PowerPoint circle graph**, **Deming cycle diagram**, **congruent circle diagram** and **PowerPoint circle chart**.

Filename: PowerPoint Process

PowerPoint process diagram template helps you visualize your process with ease. The diagrams can be used to show **looped processes, circular flows, cyclic process, linear process, pipeline flow** etc. You can portray specific models like **Analyze, Plan, Implement and Review model, Waterfall model** or any other customized processes. We have used split chevrons; **custom arrows** and text boxes to represent the steps in the process. Some variations using custom arrows are: **3 causes – 1 result, 2 causes – 1 result or 1 cause – 2 result combinations**. Other keywords that point to this diagram template set are: **Process charts, Waterfall chart, Sales process chart and blank process template**.

Filename: Scrum PowerPoint

Scrum is an iterative, incremental framework for **project management**. It is used for management and **product development projects**. The diagram helps you to show **Scrum approach, scrum cycle and scrum roles**. The other keywords that indicate this diagram set are: **PowerPoint scrum** and **scrum template**.

FOLDER: POWERPOINT SHAPES (56)

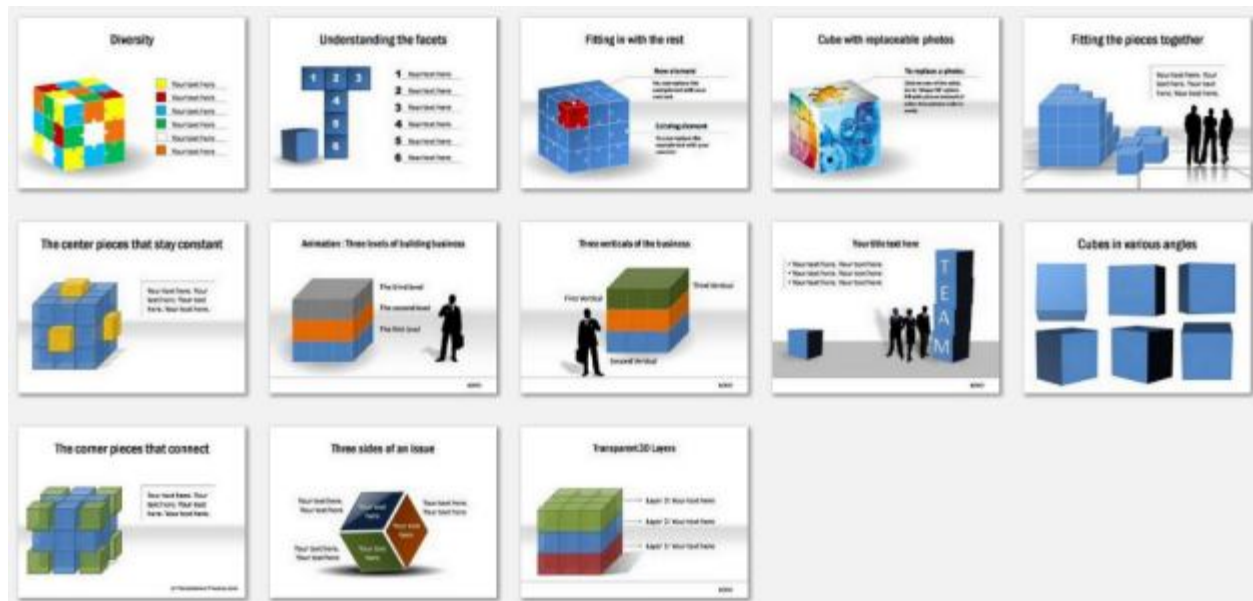

Filename: PowerPoint Arrows

PowerPoint arrows diagram templates are useful to show interrelated factors, give and take interaction etc. Variations include **PowerPoint 3D arrow** and **Curved arrow**. The other keywords that indicate the diagram set are: **arrow shapes, curved arrows, arrow chart, arrow diagram** and **circle of arrows**.

Filename: PowerPoint Cube

PowerPoint cube diagram templates are used to represent concepts with multiple dimensions. For example, each of the three axes could represent a parameter like customer dimension, product dimension and time dimension. The concepts you can represent using **PowerPoint cube** are: **diversity, understanding different facets of a concept, fitting the pieces together, center pieces that stay constant, corner pieces that hold the faces together, three sides of an issue, three levels of building business, three verticals of a business, building a team** etc. Variations included in the diagram set are **Puzzle cube**, cube faces with images and a number of **cube shapes** from different angles for your use. Other keywords that represent PowerPoint cube diagram templates are: **3D cube PowerPoint, cube diagram** and **cube chart**.

Filename: PowerPoint Filter Diagram

PowerPoint filter diagram templates are used in strategy, consulting and marketing presentations. The concepts you can convey using the diagrams in the set are: **Filtering based on certain parameters, filtering levels, filtering levels, Filtering steps** and **stage wise filters**. The other keywords that relate to the diagrams in this set are: **Filtering process, Filter process** and **Filtration process**.

Filename: PowerPoint Funnel

PowerPoint funnel diagram template is used a lot in marketing presentations. The various representations of funnel diagram are: **Prospecting funnel, sales conversion funnel, sales pipeline, Sales funnel, Marketing funnel, leads funnel and recruitment funnel**. The variations included in the set are: **layered filter and stage wise filter**. Other keywords that describe the diagrams are: **Funnel chart, funnel diagram, Sales funnel, sales pipeline, sales funnel chart, purchase funnel diagram and 3D funnel**.

Filename: PowerPoint Spheres

PowerPoint spheres are used as part of most PowerPoint diagrams. Whether it is spheres with core or connected spheres – these 3D spheres have a variety of applications. Some concepts you can convey using the diagrams in this set are: **Holding the centre stage, networking, inter connected processes, leading factors** etc. Other keywords that point to this diagram set are: **Sphere PowerPoint and 3D sphere PowerPoint**.

Filename: PowerPoint Callouts

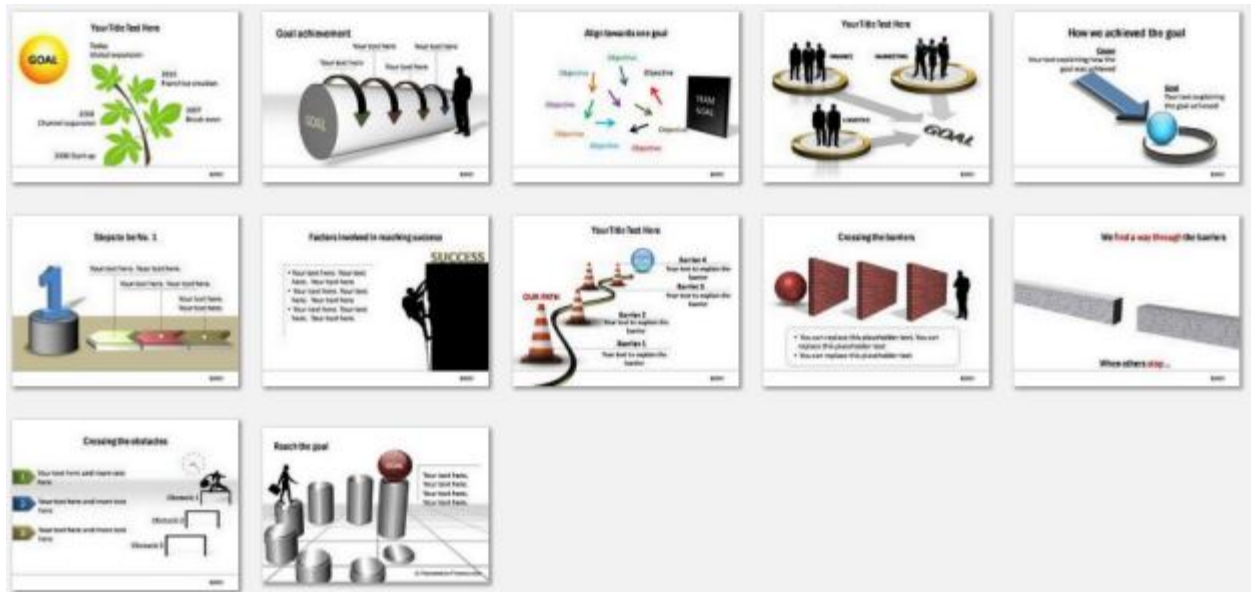

PowerPoint callouts set has a number of cool **callouts, badges, buttons and stickers** to spice up your slides. The variations included are **star bursts, ribbons, peel back stickers, board magnets, tags, tab notes, bulletin board** etc. Other keywords that point to this set are: **PowerPoint stickers** and **PowerPoint buttons**.

FOLDER: STRATEGY POWERPOINT (40)

Filename: PowerPoint Goals

PowerPoint goals diagram templates are used in strategy presentations. Concepts you can convey using the diagrams in the set are: **growing towards the goal, factors involved in goal achievement, progressive movement towards the goal, aligning towards a team's common goal, teams working towards a goal, way to achieve the goal, factors to be No.1, factors involved in reaching success, crossing the barriers to reach the goal, finding a way through barriers** etc. The other keywords that lead to this diagram set are: **goals PowerPoint** and **Goal setting PowerPoint**.
